PROFILE

Junior cloud engineering candidate refreshing cloud and networking fundamentals through documented AWS hands-on exercises and project work. Holds an AWS Certified Cloud Practitioner credential (verify current status before applying) and brings a structured approach to troubleshooting, documentation, evidence, and continuous learning. Seeking an entry-level opportunity to support cloud infrastructure and develop practical networking skills.

TECHNICAL SKILLS

Cloud / AWS	AWS Cloud Quest and hands-on practice; IAM, EC2, VPC, databases, EFS, VPC connectivity, highly available application concepts, and CloudFormation study.
Networking	Networking fundamentals in progress; VPC networking concepts, connectivity, and network-related cloud architecture practice.
Tools / Workflow	Git, GitHub, Postman, Jira, Playwright; documentation, issue tracking, evidence capture, and structured troubleshooting.
Programming	Python fundamentals in progress, including variables, operators, and functions.

SELECTED HANDS-ON PROJECTS

AWS Hands-on Projects | View repository

Documented AWS practice covering cloud architecture exercises and concepts including VPC, EC2, IAM, databases, EFS, VPC connectivity, and highly available applications. Use repository README and evidence to demonstrate the exact exercises completed.

Python for Cloud — Learning Repository | View repository

Beginner Python practice intended to build foundations for future cloud-related automation; not presented as completed production automation.

QA Practice & Browser Automation | QA practice · Playwright QA

Demonstrates structured documentation, test workflows, and evidence-based investigation that can support operational troubleshooting.

RELEVANT EXPERIENCE

Software Testing / Crowdtesting — Test.io | 2020–2021

Investigated software behavior and reported issues against task requirements, building a careful, evidence-led approach to technical work.

Domain Investing & Sales | 2020–2024

Researched and evaluated digital assets, managed customer conversations, and sold domain names through DAN and Afternic; $40,000+ in sales value, not profit.

EDUCATION & CERTIFICATIONS

B.Sc., Food Science and Technology — University of Nigeria, Nsukka · **AWS Certified Cloud Practitioner** — verify active status before submission · **Datacom Introduction to Cloud Job Simulation** — Forage

Studied cloud engineering in 2024 and continue refreshing cloud and networking fundamentals through practical exercises. Verify all dates and credential status before applying.
